

About the IAM

The IAM's Advanced Driving Test is recognised and quality assured by the Driver and Vehicle Standards Agency (DVSA). The IAM's Advanced Driving Test was first developed in 1956 (with the Advanced Riding Test following in 1976). Since then the test has been developed and continually refined to reflect the ever-changing face of the UK's roads and road vehicle technologies.

With over 200 local IAM Groups throughout the UK, (all charitable organisations in their own right), the support for people wanting to prepare for and pass the IAM's Advanced Driving Test is unparalleled. The support of these groups means that the advanced test is available and achievable for ANYONE who has an interest in improving their driving skills.

The DVSA quality assure the IAM's Advanced Driving test through the assessment of our Regional Quality Managers and affiliation with the IMI who independently monitor and quality control all aspects of the products we offer.

The Taster Session

The Wolverhampton IAM Group offers free "taster sessions" for any driver interested in having their driving skills reviewed by a qualified IAM Group Observer, (a saving of £39 over the normal fee).

The only requirement is that you hold a valid current UK Driving Licence, and that you have appropriate insurance for the vehicle to be used for the drive and that, if appropriate the vehicle has a valid MOT and tax. (We will ask you to sign a simple declaration to this effect at the time of the drive).

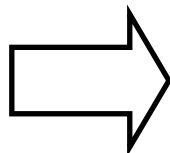

**PLEASE CONTACT ME

The Assessment

What to Expect on the Day of the Assessment?

Your driving assessment is an opportunity to try out some of the techniques developed in our Advanced Driving course with the guidance of an experienced Advanced Driving Observer.

You'll get a feel for how acquiring new skills can help you stay safe, grow in confidence and get more enjoyment from your driving – plus you'll gain an insight into the IAM and how we help drivers develop. The drive will take place in your own car and lasts for around one hour.

**If you would like to have
a taster session please
e-mail our Group on:**

group@wolvesiam.org

**Please put "Taster Session" in
the Subject Line, use the
"Tear Off" sheet overleaf or
use the Contact-us form on
our website.**

Moving Forward

What Happens Next?

Once you've completed your assessment, your Observer will give you some useful feedback regarding the drive you have just completed and answer any questions you may have.

There's no obligation to do anything further, it's all part of our commitment to encouraging a love of driving and enhancing road safety.

If you decide you would like to develop your skills, your Assessor can tell you more about Advanced Driving and the benefits of IAM membership.

Use this opportunity to simply check your skills or ask any questions you may have about how the IAM works and the opportunity it provides, as a charity, to improve driving safety and enhance driving pleasure despite the difficult road conditions we all live with at this time.
