2 Matters Arising from Previous Minutes (Not falling into a specific Section)

There was no business raised falling into this section.

3 Group Chairman's Report

National restrictions continue to keep the Group under stringent restrictions and as such no current plans are in place for any Group Meetings beyond virtual meetings. HMG National Restrictions applied from 5th November continue into December as Wolverhampton is under Tier 3 Covid Restrictions so Group activity continues only virtually.

It was also discussed and agreed that the Committee Meeting scheduled for 5th January 2021 would be held on-line.

The Group AGM was undertaken on-line on 11th November 2020. A modest attendance was achieved but sufficient for necessary business to be concluded. The Minutes as generated were reviewed and agreed suitable for issue.

Robbie Downing has advised the Group that he wishes to undertake the Group Audit on-line, a date is to be established by Paul Williamson for this meeting and the members of the Committee advised.

4 Group Secretary's Report

No Group Scorecard was available at the time of this meeting.

4.1

The following has been retained in these Minutes for future action.

Jonathan Hughes met with the West Midlands Police and Crime Commissioner, David Jamieson on 20th January 2020. The meeting was undertaken following the November 30th 2019 Region 4 Forum where two Groups advised that they had been able to secure funding direct from their local PCC for driving safety development.

David Jamieson is a Member of IAM RoadSmart so understands the charitable intentions and objectives of the various Groups within the area. It was made clear that the office of the PCC had no direct available funding as the primary focus within the West Midlands was on reducing the levels of violent crime. We were directed in this to the following web site:

Reference: https://www.westmidlands-pcc.gov.uk/active-citizens-fund/

The Active Citizens Fund totals more than £400,000. The money, which has all been seized from criminals under the Proceeds of Crime Act, is set aside each year by the Police and Crime Commissioner and made available for communities to bid for.

The main criteria is that the project should encourage people to improve their area and help make it a safer place to live and work. The PCC distributes the money amongst local policing teams in the West Midlands. It is local police who recommends whether a project should be funded.

Policing teams have adopted slightly different processes for awarding Active Citizen Fund money. It is essential that your first step is to contact your local police officers prior to completing an application form. They will advise you on the process. They may also provide you with an application form, guide you through it and assess whether you are likely to be successful. If your bid is successful at this initial stage, you will be contacted by the Police and Crime Commissioner's office and asked sign and return a Grant Conditions Form. You will also need to provide a copy of your group's/organisation's bank statement. Please note that this does not mean that you have secured a grant at this stage. The final decision lies with the Chief Executive of the OPCC

Please note that all successful projects are monitored. Applicants will be required to provide regular 'Impact Assessment' reports and details of financial expenditure, including copies of all invoices and receipts throughout the life of the project.

Please note that all bids for 2019/20 need to show how they will reduce youth crime and/or knife crime.

Active Citizens Funding Criteria:

- Groups and organisations must be properly constituted and have a separate bank account with at least two signatories in to which we can pay the funds. If there is not dedicated group/organisation bank account, an umbrella organisation may take responsibility for the financial transactions.
- A group does not need to be based in the community where the project is run, but the project must be of direct benefit to the residents / priorities of that area.
- We do not fund individual requests for funding or sponsorship, for example sponsored walks.
- You may include revenue items where this is essential to the running of a time limited project. We cannot support a bid to cover the cost of a salary.
- We do not require match funding but will look favourably on projects which contribute additional funds.
- We cannot fund the purchase of assets that will provide long term benefits to a private company or individual rather than to the community.
- Safeguarding: If the project involves children or vulnerable adults, the organisation must have sufficient safeguarding procedures in place. The safeguarding measures should be proportionate to the risk involved. This requirement should be discussed with the Partnership Team at the NPU, who will be able to provide more advice.
- Funding will not be provided for an organisation or project to make payments to itself for the hire of accommodation or facilities
- Funding cannot be used to make payments to members of the committee of the organisation/group unless this is essential to the success of the project and pre-agreed by West Midlands Police partnership team.

Please refer to your local area to check for any additional criteria.

The Funding Process:

- It is essential that your first step will be to make contact with your local neighbourhood partnership team prior to completing an application form. Your local team will advise you further about the local process and local priorities. They will also guide you through the application process, provide some advice on whether your application is likely to be successful, and where appropriate, will give you an application form.
- 2. Once you have spoken to your local team and completed an application form, your bid should be submitted to your NPU.
- 3. If your bid is successful at the first stage and subsequently passed on, the OPCC, will ask you to sign and return a Grant Conditions form and provide a copy of your group's / organisation's bank statement. Only once these documents have been returned will the bid be considered by the Chief Executive for authorisation.

Following discussion, it was agreed that we should look into the options provided.

4.3

DARTS became live for the Group as of 5th November 2020. There were a substantial number of issues that were identified and communicated back to the responsible areas at Welwyn Garden City. The DARTS database is now functional though still in the process of development.

5 Group Treasurers' Report

Current account(s) status as of end of November 2020, is as below:

Group Accounts Statement

Lloyds Treasurers Account: Lloyds Social Account: **Group Balance Total:** £2402.40 £100.53 **£2,502.94** Payments To:

Payments Made in Month (0): (Included in above balances)

Scheduled Payments (0): (Not included in the above balances):

The Group Accounts remain in good order.

5.1

Invoices for Group Subscription payments due in November 2020 have been issued. As of the date of this meeting five of those subscriptions remain due.

5.2

Further to discussions and agreement in July 2019 Wolverhampton Advanced Motorists are continuing the process of registering for Gift Aid such that Group Member Subscriptions are effectively increased for the Group without need to increase the Subscription Charge to the Member.

Reference: //gov.uk/claim-gift-aid/gift-aid-declarations

Geoff Davis has reviewed the requirements for registering for Gift Aid with HMRC and has found that to register the Group for Gift Aid the following will be required:

- Group Bank Account(s) details
- Group Accounts for the last three years
- Group Officer details including, Officer Name; Address; Officer Employer Name and Address; Date of Birth and National Insurance Number
- Group Charity Registration Number
- Group Charitable Objectives
- Group Governing Documents
- The identification of two or more people who will be legally accountable for the running of the Group

It is clear that this is not going to be an easy pathway however there are no details that are not readily available and as such appropriate submissions are now in process.

In this matter the Subscribing Member needs to positively confirm that they are happy with such application being made on their behalf albeit that there will be no interaction between themselves and HMRC. In this the following details the way in which such confirmations can be made:

Reference: //gov.uk/government/publications/charities-detailed-guidance-notes/chapter-3-gift-aid

A Gift Aid declaration must:

- State the donor's full name and home address. (Linking to Membership Number is adequate in this matter)
- Name the Charity
- Identify the gift or gifts to which the declaration relates (for example, a particular donation or all donations)
- Confirm that the identified gift or gifts are to be treated as Gift Aid donations

In order for a Gift Aid declaration to be valid, the charity must give and be able to demonstrate it has given an adequate explanation to the donor of the personal tax implications associated with making the Gift Aid donation including the responsibility to pay any difference. This explanation can be included on a Gift Aid declaration but can also be made separately.

When read now in conjunction with details within October 2019 Committee Minutes and Section 9.3 of these Minutes it was discussed and agreed that as it is now possible for us to adopt the directions given by IAM RoadSmart and engage with new and existing Group Members without the need for forms to be completed beyond that detail already available on DARTS.

9.1

Concern was expressed regarding the membership levels of the Group which have remained below 100 for a considerable time. (It being felt by IAM RoadSmart that any Group falling below 100 Members was likely to be less likely to support itself). As can be seen from the detail in the graph above the trend is up but only very slightly.

9.2

It was suggested that we should make e-mail contact with local IAM RoadSmart Members who are not currently affiliated with a Group and "encourage" Group Association. (This carried forward from previous Minutes).

10 Group Newsletter Editors' Report

It was agreed that a Newsletter should be issued within the run up to Christmas. Paul Williamson agreed to produce a Chairman's Review for that letter. Focus should additionally be placed on attracting new Members to the Group Committee specially to support the now vacant areas of Young Driver Ambassador and Events Manager.

10.1

Around sixty of the eighty Group Members open their e-mails. Paul Williamson has been provided with the details of the regular "e-mail phobic" Members and will liaise with them to establish whether they can be assisted in accessing the details now being distributed electronically.

Further to previous updates the two wolvesiam website registrations:

wolvesiam.org wolvesiamrs.org
